Our Services

IT Support

Technospecs offers a reliable IT support to the small and mid-sized businesses who can't afford to have the IT inhouse staff. This solution saves the business both money and energy in hiring the resource and managing him/her.

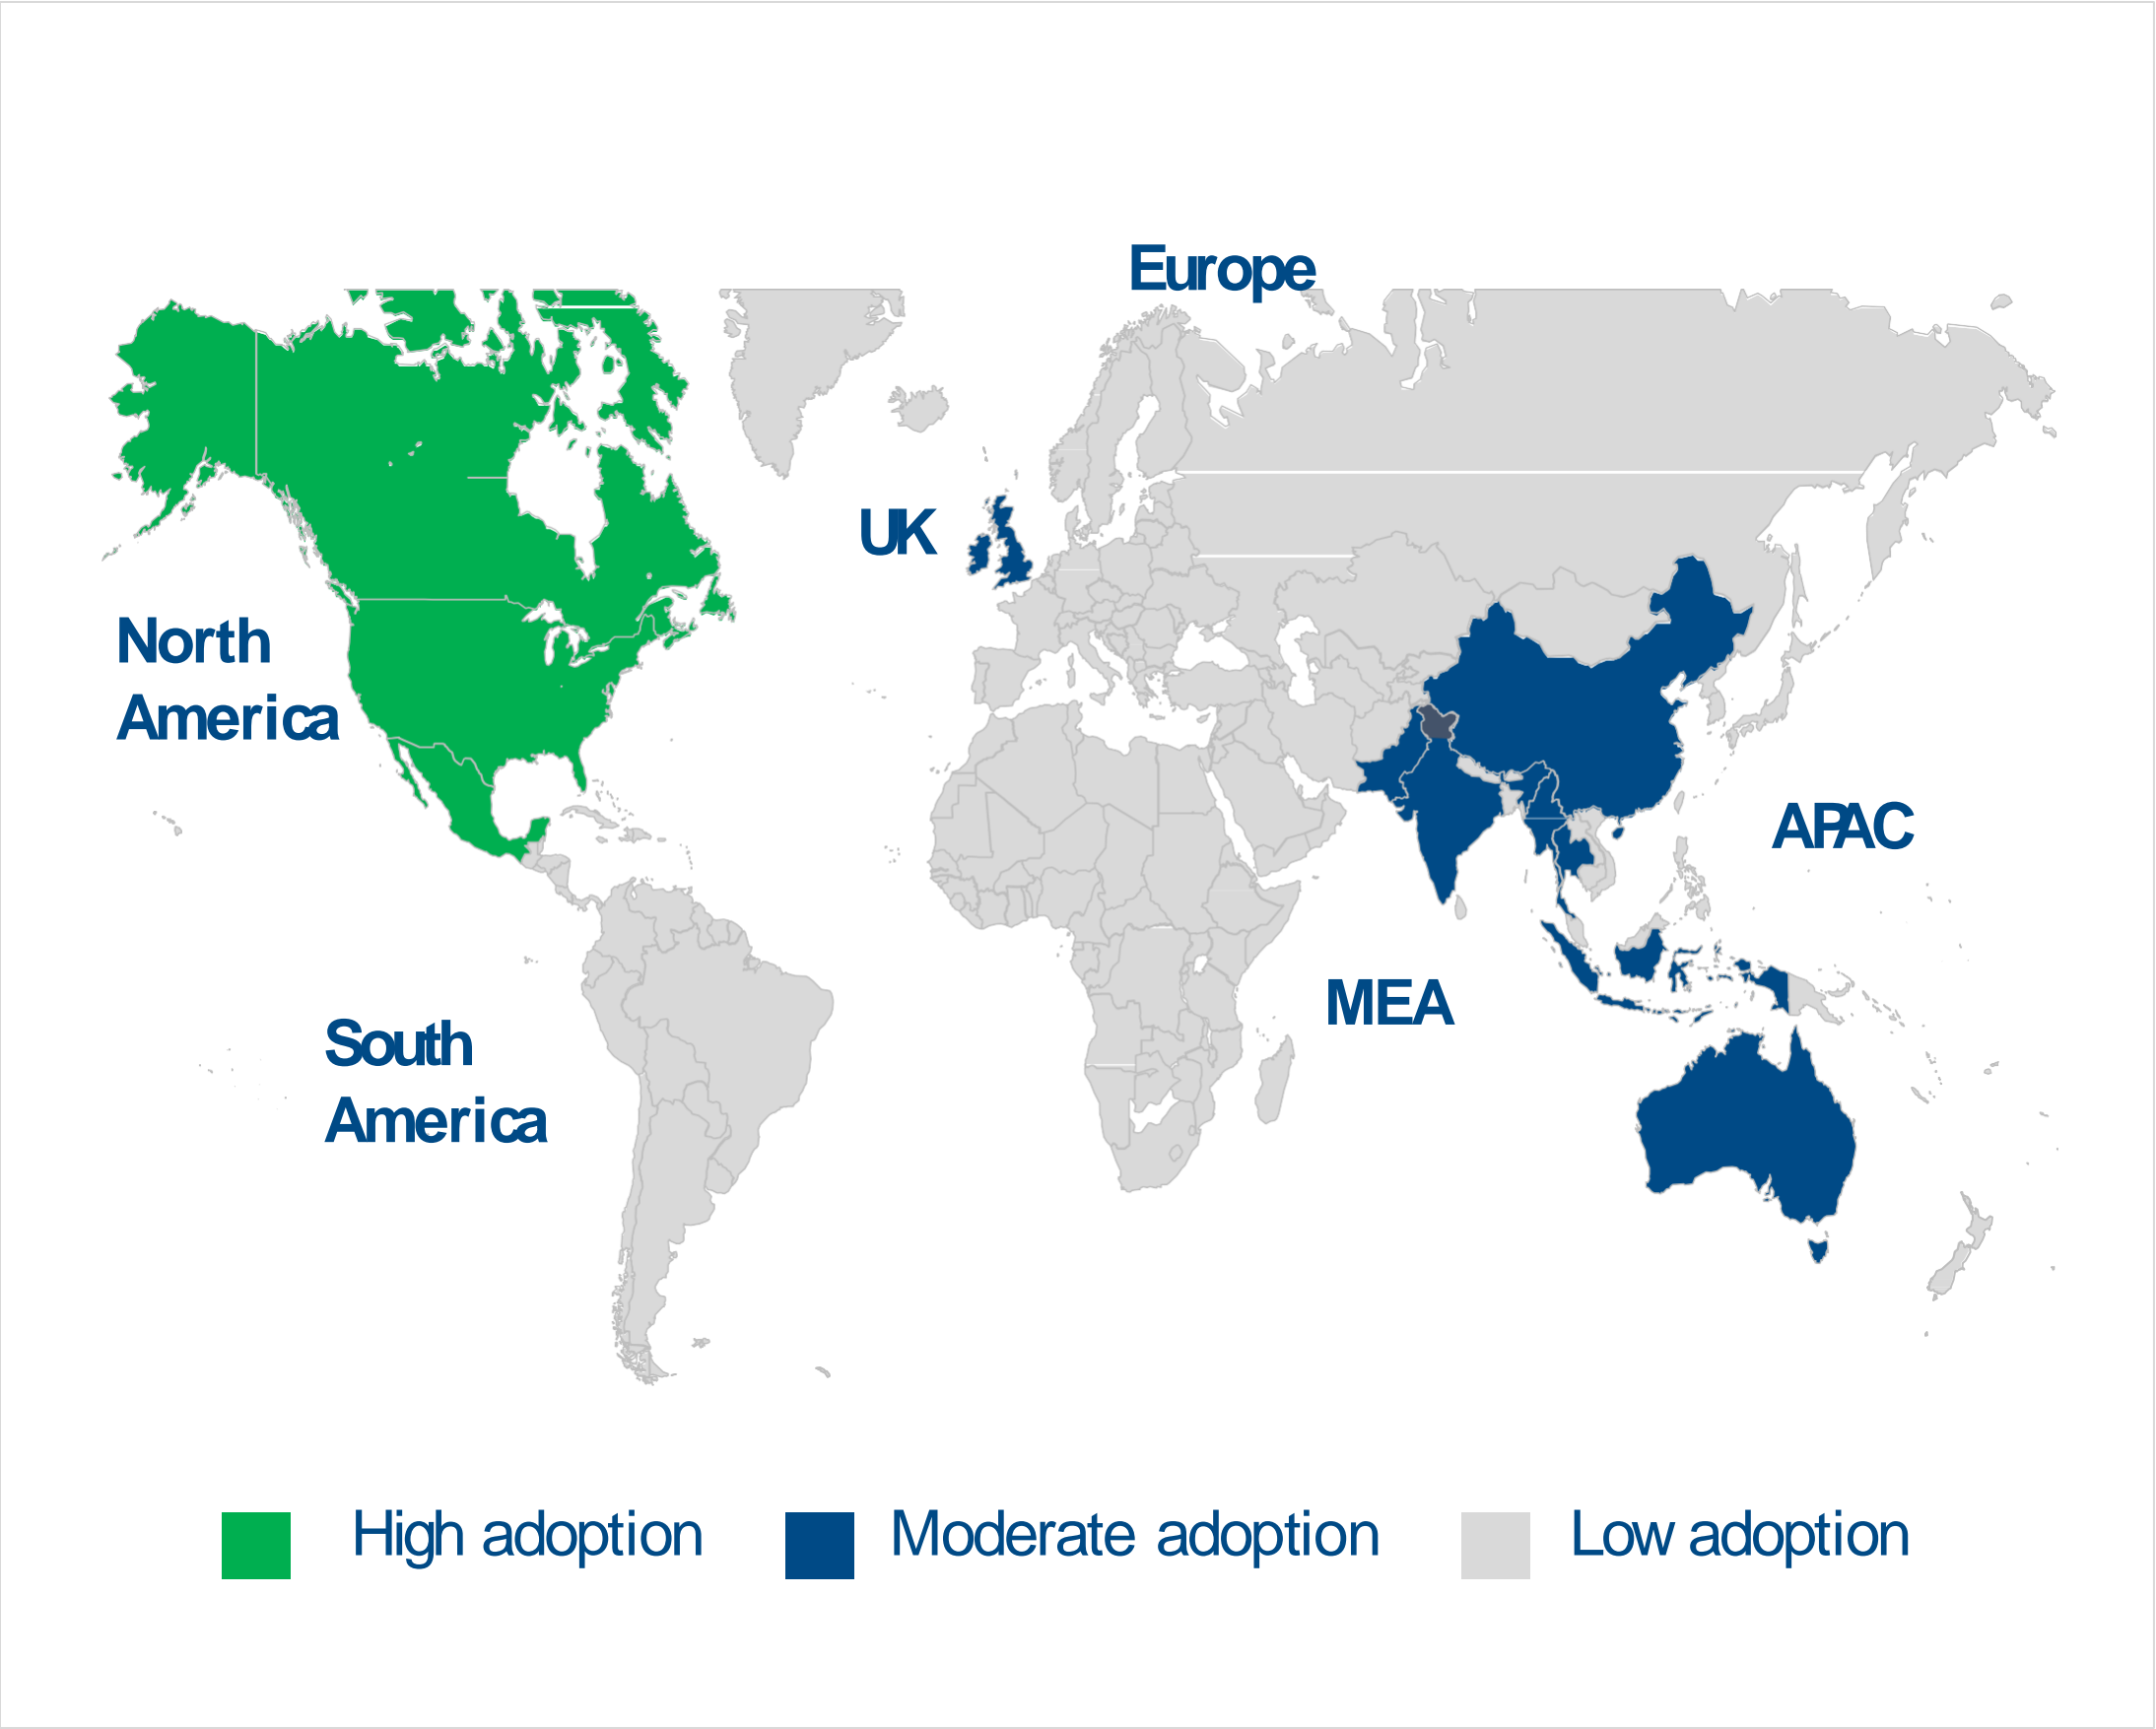

Technospecs has been an excellent web designing and development partner for the businesses. We could setup the website, host it and improve the web presence of it with our vast experience in handling such projects.

Technospecs offers the complete purchasing solution and support for both the IT hardware and software. We are authorized reseller of most of the IT brands and have reseller accounts with the premier distributors in Canada.

Client Testimonials

“Technospecs has been an excellent IT support provider for our business. We generally rely on Technospecs for fixing almost all our desktop issues. Their support is prompt and the staff they have is very skilled. Our computers have been functioning very well since they started managing them and they also have helped us in our website development and doing the SEO for the website. We highly recommend Technospecs for any IT support, Web development and SEO related work”

Pankaj Bhambhani
